Manufacturing of Industrial valves by Bharat Brackes and valves Limited, Calcutta

1872. SHRI SAMAR MUKHERJEE: Will the Minister of INDUSTRY be pleased to state:

(a) whether it is a fact that one of the customers of Bharat Brakes and Valves Limited, Calcutta, namely the HPCL had cancelled their order for industrial valves (250 Gauge Valves) on account of non supplying of their previous orders;

(b) if so, what are the reasons therefor;

(c) whether it is also a fact that main manufacturers of casting in India for Industrial Valves i.e. M|s. Secals India, M|s. Sri Ramkrishna Steel Industry and M/s. Shivananda refuse to supply Casting to M|s. BBVL for which BBVL are not quoting any tender for new order of Industrial Valves;

(d) whether the management of BBVL are not obtaining the TDC approval so far for manufacturing of Industrial valves; and

(e) if so, what are the details thereof?

THE MINISTER OF INDUSTRY (SHRI J. VENGAL RAO): (a) and (b) M/s. HPCL cancelled a part of their order for Industrial Valves because of delay in delivery which resulted from the poor liquidity position of the Company due to continuous cash losses.

(c) Bharat Brakes & Valves Limited (BBVL), is not aware of any party's refusal to quote for castings. BBVL has been quoting against tenders for Industrial Valves but they have not been favoured with any orders. In the absence of any new order for Industrial Valves no enquiry for castings has been sent out by BBVL in the recent past.

(d) and (e) BBVL had applied for TDC approval for manufacture of Industrial Valves in 1983. TDC considered BBVL's application and accorded provisional approval in July, 1985. However, this has not been formalised. BBVL is pursuing.
